

It's okay when I make mistakes.  
I learn by trying.

It helps to remember things  
I already do well.

# Try and Stick with It

It's hard to try new things—for adults as well as children. It's hard to stick with it when something is more difficult than we thought, or doesn't work out the way we planned. In simple words and realistic illustrations, this book teaches children about flexibility and perseverance—skills essential to success in all areas of life, at all ages and stages.

Made to be read aloud, this book also includes a special section for adults, with discussion questions to share, perseverance games to play, and other suggestions for helping children persevere.

**Cheri J. Meiners, M.Ed.**, has her master's degree in elementary education and gifted education. A former first-grade teacher, she has taught education classes at Utah State University and has supervised student teachers. Cheri and her husband, David, have six children.

The Free Spirit **Learning to Get Along®** series supports all ten Domain Elements in the Head Start Child Outcomes Framework Domains of "Language Development," "Social and Emotional Development," and "Approaches to Learning."
